
MB 559: Fuzzy Logic for Business Decision Making

Course Code	MB 559
Course Name	Fuzzy Logic for Business Decision Making
L-T-P-C	2-0-0-2
Intended for	MBA
Mutual Exclusion	NA
Approval	54th BoA (May 2024)

Course Contents

- **Fuzzy Logic Concepts:** Chapter-1, Text Book. (2 Hours)
- **Operations on Fuzzy Sets:** Chapter-1&2, Reference Book 1. (2 Hours)
- **Fuzzy aggregation Operators:** Fuzzy Sets & Systems (FSS) Article. (4 Hours)
- **OWA & IOWA Operator in Decision Making:** Fuzzy Sets & Systems (FSS). (2 Hours)
- **IOWA and Other Weighted Operators:** Journal Articles. (1 hour)
- **Fuzzy Goal Programming:** Journal Articles. (2 Hours)
- **Fuzzy MCDM:** EJOR Article. (2 Hours)
- **Fuzzy Concepts in Finance, Marketing and Managerial Decision Making:** EJOR, DSS & FSS Articles. (2 Hours)
- **Fuzzy applications in Software Risk Management:** DSS & FSS Articles. (2 Hours)
- **Linguistic quantifiers and its applications to Decision Making:** EJOR, IEEE Fuzzy Systems Articles. (2 Hours)
- **Linguistic quantifiers in Recommender systems and its applications to business:** EJOR, IEEE Fuzzy Systems Articles. (2 Hours)

Text Books

1. K.H. Lee, **First course on Fuzzy theory and applications.**

References

1. H. Bandmer & S. Gottwald, **Fuzzy Logic with applications.**
2. Z. Sun & G.R. Finnie, **Intelligent techniques in e-commerce.**

Journals

1. Fuzzy Sets and Systems
2. Decision Support Systems
3. European Journal of Operational Research
4. IEEE Fuzzy Systems
