

## Minor in Electronics Engineering

### Minor Details

|                       |                                  |
|-----------------------|----------------------------------|
| Minor name            | Minor in Electronics Engineering |
| Eligibility batch(es) | No batch restriction configured  |

Table 1: Minor in Electronics Engineering — Requirements

| Sl.                                                                             | Course code | Course name                                       | L-T-P-C | Credits |
|---------------------------------------------------------------------------------|-------------|---------------------------------------------------|---------|---------|
| <b>Compulsory</b><br>All 2 listed courses required; Counts toward minor credits |             |                                                   |         |         |
| 1                                                                               | EE-203      | Network Theory                                    | 3-0-0-3 | 3       |
| 2                                                                               | EE-210      | Digital Systems Design                            | 3-0-0-3 | 3       |
| <b>Electives</b><br>Choose 1 of 5; Counts toward minor credits                  |             |                                                   |         |         |
| 3                                                                               | EE-305      | Digital Signal Processing                         | 3-1-0-4 | 4       |
| 4                                                                               | EE-314      | Digital Signal Processing                         | 3-0-2-4 | 4       |
| 5                                                                               | EE-311      | Device Electronics for Integrated Circuits        | 3-0-0-3 | 3       |
| 6                                                                               | EE-211      | Analog Circuit Design                             | 2-0-2-3 | 3       |
| 7                                                                               | EE-312P     | Microelectronics Circuits Design Practicum (MCDP) | 0-0-3-2 | 2       |

### Requirement notes

- **Electives:** EE-305 and EE-314 are equivalent — only one counts.
