

Academic Section Website: Proposed Updates

Outdated content on <https://academics.iitmandi.ac.in>, with screenshots and the proposed changes

Prepared by the UG Academic Secretary | Pages checked on 2 October 2026

Contents

1	How to use this document	2
1.1	All changes	2
2	Site-wide: menu and footer	4
2.1	S1 Footer quick links that give “404 Not Found”	4
2.2	S2 Footer phone link dials a different number	5
2.3	S3 Copyright year is 2024	5
2.4	S4 “Research” menu item opens the home page	6
2.5	S5 Ordinances page is not in the menu	6
2.6	S6 Footer had a stray empty anchor element	7
2.7	S7 Two stale 2024 event tickers left commented out in header	7
3	Home page	7
3.1	H1 Second “Nikhil Kumar” card has the first card’s e-mail	8
3.2	H2 Announcements are from the previous admission cycle	10
3.3	H3 Staff tab: multiple data errors	11
3.4	H4 Academic Organisation Chart was outdated	11
4	Courses page	12
4.1	C1 Course booklet is the June 2025 compilation	12
4.2	C2 Section 3 “Common Core” shows the curriculum of 2016-2022	13
4.3	C3 Section 4 “Humanities Course Basket” stops at February 2020	15
4.4	C4 Section 5 “Design and Innovation Practicum”: old courses and a dead link	15
4.5	C5 Section 6 “Minor Program”: five minors missing, Robotics core out of date	16
4.6	C6 Section 7 “Double Major Programme”: one paragraph from 2021	18
4.7	C9 Section 2: old grading system shown as the current one	18
4.8	C7a Course table: recoded, discontinued or never-approved courses	19
4.9	C7b Course table: 43 codes listed more than once	20
4.10	C7c Course table: old and misspelt titles	21
4.11	C7d Course table: 578 approved courses are missing	22
4.12	C7e Course table: two code styles (BE-203 and BE203)	23
4.13	C8 New section 9: Mutually Exclusive Courses	24
5	Degree Programs page	24
5.1	D1 UG programme list: mixed old and 2023 curricula, nothing for 2024-2026	25
5.2	D2 PhD and some PG programmes have no curriculum link	27
6	Other pages	27
6.1	O1 Orientation fee table: payment date says 2025	28
6.2	O2 Internships: SHSS list links the 2025 file	28
6.3	O3 Ordinances page: UG Ordinance 2026 is missing	29
6.4	O4 Scholarships page: no eligibility rules, and broken table rows	30
7	Awards, PMRF and Calendar pages	31
7.1	A1 Faculty Awards S.No. and empty TA tab	31
7.2	A2 Awards page showed only PDF links with no awardee names	31

7.3	P1 Stray apostrophe character in PMRF page	32
7.4	K1 PDF link filenames have a typo and unencoded spaces	32

1 How to use this document

This document lists 34 changes to the Academic Section website. Each change is one numbered entry with:

1. an **ID** (S = every page, H = home, C = courses, D = degree programmes, O = other pages) and the **page address**, **menu path** and **place on the page**;
2. **What is wrong**, with a screenshot of the current page. The problem is outlined in **red**;
3. **What it should be**, with a screenshot of the same page after the change, the new part outlined in **green**. These screenshots are previews: the new code was applied in a browser to a saved copy of the page, and nothing has been changed on the live site;
4. the **commit** that carries the change in the working repository, named by its short hash, with a link to its diff on GitHub. Its message says in one line what was done, so a change can be taken, reviewed or dropped on its own. A change that was revised after review has a second commit.

Status of an entry: **Ready** — the content and code are final once the linked documents are approved; **Link fix** — only a link address changes, so the page looks the same and the old and new addresses are given instead of a second screenshot; **Needs input** — the office has to supply or confirm the content first.

Documents to upload. Several entries link documents that are not on the site yet. Suggested file names:

- `/pdf/admissions/curriculum/Batch<YEAR>_<PROGRAMME>.pdf`: one curriculum per programme and batch (65 files), cut from the UG Curriculum booklet (DC Curriculum, batches 2023–2026). Changes 5.1, 4.2;
- `/pdf/courses/minors/<MINOR>.pdf`: one course basket per minor (20 files), cut from the Minors booklet. Change 4.5;
- `/pdf/courses/Mutually_Exclusive_Courses.pdf`: the Mutually Exclusive Courses booklet (confirmed entries only). Change 4.13;
- `/files/IIT_Mandi_Course_Descriptions_2026.pdf`: the rebuilt course-description booklet. Change 4.1;
- `/pdf/senate_courses/<CODE>.pdf`: one syllabus PDF for each course added to the course table (listed in `course_table_changes.csv`).

The curriculum, minors and mutual-exclusion booklets were placed before the 66th BoA as annexures; upload the files cut from them only after approval. The links in the code assume these names; if other names are used, change the links to match. `course_table_changes.csv` (next to this document) has every row to add, mark or correct in the course table, for whoever maintains that table.

The working repository. The pages of the site, the changes and this document are kept in a private git repository, `academics-iitmandi-website`. Its main branch holds the site as it stands; the branch `update/website-october-2026` holds the changes, one commit each, in the order of this document, and is open as a pull request. The commit hash is given with every entry and in the table above, so the web team can match an entry to its code, review the changes one at a time and merge only those that are approved. The repository also carries the documents the new links open, under the paths they will have on the server.

How the pages were checked. Every page linked from the menu was saved on 2 October 2026 and read as the browser shows it, so text hidden in HTML comments was ignored. Course data were compared with the course register built from the minutes of the 1st–65th BoA and 1st–49th Senate (the 40th, 43rd and 46th Senate minutes are not available). The screenshots were made from the saved pages with the site’s own style sheets. The links to the 735 course syllabus PDFs were not opened one by one. The curriculum, minor and mutual-exclusion booklets and the course register that this document draws on were prepared over the preceding weeks for the 66th Board of Academics.

1.1 All changes

K1	calendar	"Calender" typo and unencoded spaces in PDF link URLs	Medium	Link fix	27dd571	32

29 entries are ready, 4 are link fixes and 1 (D2) needs the office's input.

2 Site-wide: menu and footer

These appear on every page of the site, so one fix in the common template corrects all pages.

2.1 S1 Footer quick links that give “404 Not Found”

Page	https://academics.iitmandi.ac.in/
Menu path	Every page
Where on the page	Footer, the three “Quick Links” columns
Priority / status	High Link fix
Commit	783272f footer: point the quick links to iitmandi.ac.in (S1)

What is wrong

Eight quick links (NIRF, ARIIA, How to Reach, IIT Mandi in the news, Press Releases, Rankings, Right to Information, Holiday List) open “404 Not Found”, and Hindi Patrika opens “403 Forbidden”.

They were copied from the main IIT Mandi website but kept the academics.iitmandi.ac.in address, where these pages do not exist.

Current — problem outlined in red

What it should be

Point each link to the same path on iitmandi.ac.in (all checked on 1 Oct 2026: they open). The bus schedule on the academics site still opens, but the main-site copy is the one that is kept up to date.

Link now (broken)	Link to use
https://academics.iitmandi.ac.in/nirf	https://iitmandi.ac.in/nirf
https://academics.iitmandi.ac.in/ariia	https://iitmandi.ac.in/ariia

Commit diff (full change): <https://github.com/TayalAditya/academics-iitmandi-website/commit/783272f>

2.2 S2 Footer phone link dials a different number

Page	https://academics.iitmandi.ac.in/
Menu path	Every page
Where on the page	Footer, first column, “Contact Us”
Priority / status	Medium Link fix
Commit	91b7420 footer: give each contact number its own tel: link (S2)

What is wrong

The footer shows “+91-1905-267755, 267073”, but the link behind it dials +91-1905-267015 (tel:+91-1905-267015). On a phone, tapping the number calls the wrong office.

Current — problem outlined in red

What it should be

Give each number its own tel: link.

Link now (broken)	Link to use
tel:+91-1905-267015	tel:+911905267755 and tel:+911905267073

Commit diff (full change): <https://github.com/TayalAditya/academics-iitmandi-website/commit/91b7420>

2.3 S3 Copyright year is 2024

Page	https://academics.iitmandi.ac.in/
Menu path	Every page
Where on the page	Bottom strip of the footer
Priority / status	Low Ready
Commit	eb3f4eb footer: update the copyright year to 2026 (S3)

What is wrong

The footer says “© 2024 IIT Mandi. All rights reserved.”

What it should be

Change the year to 2026. If the page is a Laravel Blade template, `{{ date('Y') }}` keeps it current without further edits.

Current — problem outlined in red

Proposed — change outlined in green (preview, not live yet)

Commit diff (full change): <https://github.com/TayalAditya/academics-iitmandi-website/commit/eb3f4eb>

2.4 S4 “Research” menu item opens the home page

Page	https://academics.iitmandi.ac.in/
Menu path	Faculty Corner > Research
Where on the page	Main menu, Faculty Corner drop-down
Priority / status	Low Ready
Commit	0c751aa menu: remove “Research” from Faculty Corner (S4)

What is wrong

Faculty Corner > Research links to <https://academics.iitmandi.ac.in/> (the home page of this site) and opens it in a new tab.

What it should be

Remove the item, or link it to the research page the office wants (e.g. the Associate Dean Research page). The proposal below removes it.

Current — problem outlined in red

Proposed — change outlined in green (preview, not live yet)

Commit diff (full change): <https://github.com/TayalAditya/academics-iitmandi-website/commit/0c751aa>

2.5 S5 Ordinances page is not in the menu

Page	https://academics.iitmandi.ac.in/
Menu path	Student Corner
Where on the page	Main menu, Student Corner drop-down
Priority / status	Medium Ready
Commit	0784c4c menu: restore the Ordinances item under Student Corner (S5)

What is wrong

The page /ordinances (B.Tech., M.Tech./M.Sc., MA, Ph.D. ordinances) exists, but its menu item is commented out in the HTML, so students cannot reach it from the menu.

What it should be

Restore the menu item, next to UG Handbook.

Current — problem outlined in red

Proposed — change outlined in green (preview, not live yet)

Commit diff (full change): <https://github.com/TayalAditya/academics-iitmandi-website/commit/0784c4c>

2.6 S6 Footer had a stray empty anchor element

Page	https://academics.iitmandi.ac.in/
Menu path	Every page
Where on the page	Footer, below the quick-links columns
Priority / status	Low Ready
Commit	6824008 footer: remove empty anchor placeholder from every page (S6)

What is wrong

An empty anchor element `<a href="#"></a>` was present in the footer of all 14 pages. It is invisible to visitors but adds a dead link to every page's HTML, and screen readers may announce it as an unlabelled link.

What it should be

Remove the element from every page.

2.7 S7 Two stale 2024 event tickers left commented out in header

Page	https://academics.iitmandi.ac.in/
Menu path	Every page
Where on the page	Header, scrolling ticker / announcement bar
Priority / status	Low Ready
Commit	7385297 header: remove stale 2024 commented-out ticker items from every page (S7)

What is wrong

Two ticker list items were left commented out inside the HTML of every page:

- *The 12th Convocation of IIT Mandi* (linking <https://iitmandi.ac.in/convocation2024/>)
- *InvenTiv 2024 India's Largest R&D Innovation Fair from Higher Education Institutions*

They are invisible to visitors but bloat every page with outdated commented code.

What it should be

Remove the two commented-out `<li>` elements from the ticker in all 14 pages.

3 Home page

3.1 H1 Second “Nikhil Kumar” card has the first card’s e-mail

Page	https://academics.iitmandi.ac.in/
Menu path	Home
Where on the page	“Academics Staff” tab, staff cards
Priority / status	Medium Ready
Commit	ac7d2aa home: correct email address of the second Nikhil Kumar (H1); 548dd99 home: give the second Nikhil Kumar card the right photo alt text (H1)

What is wrong

Two Junior Assistants are named Nikhil Kumar, and both cards give the e-mail nikhilkumar@iitmandi.ac.in. The second card (scholarship, fellowship, fee queries and bonafide certificates) also has a placeholder photo labelled “Narender”.

What it should be

The second card belongs to the other Nikhil Kumar, whose e-mail is nikhil_kumar@iitmandi.ac.in. Change the e-mail on that card and label its photo “Nikhil Kumar”. A photo for that card still has to be supplied.

Nikhil Kumar
Designation: Junior Assistant
Email: nikhilkumar@iitmandi.ac.in
Primary Role and Responsibility:

- Admission/Queries:PG/PhD/JDP/JRDP/MTest (R) / Dual Degree
- Semester Long Internship,PG Bonafide, Migration,PG Internship

Amandeep Singh
Designation: Junior Assistant
Email: amandeep_singh@iitmandi.ac.in
Primary Role and Responsibility:

- Verification of Result

Akshay Rana
Designation: Junior Assistant
Email: akshay_rana@iitmandi.ac.in
Primary Role and Responsibility:

- Thesis related issues

Atul Sharma
Designation: Junior Assistant
Email: atulsharma@iitmandi.ac.in
Primary Role and Responsibility:

- Preparation of data for ABC and Digi locker

Saurabh Angiras
Designation: Junior Assistant
Email: saurabhangiras@iitmandi.ac.in
Primary Role and Responsibility:

- Bonafide for PG/PhD Students,General Queries for PG/PhD Students

Anuj Thakur
Designation: Office Assistant
Email: anujthakur@iitmandi.ac.in
Contact: 267754
Primary Role and Responsibility:

- Result:PG/Ph.D./M. Tech (R)/DD/UD Students
- Transcript/Grade Card (Except UG)

Nikhil Kumar
Designation: Junior Assistant
Email: nikhilkumar@iitmandi.ac.in
Contact: 267754
Primary Role and Responsibility:

- Scholarship, Fellowship
- Fee Query, Bonafide Certificate

Nikhil Kumar

Designation: Junior Assistant

Email: nikhil_kumar@iitmandi.ac.in

Contact: 267754

Primary Role and Responsibility:

- Scholarship, Fellowship
- Fee Query, Bonafide Certificate

Proposed — second card, change outlined in green (preview, not live yet)

Current — both cards give the same e-mail, outlined in red

Commit diffs: <https://github.com/TayalAditya/academics-iitmandi-website/commit/ac7d2aa> (first version)
<https://github.com/TayalAditya/academics-iitmandi-website/commit/548dd99> (revision)

3.2 H2 Announcements are from the previous admission cycle

Page	https://academics.iitmandi.ac.in/
Menu path	Home
Where on the page	Right-hand “Announcements” box
Priority / status	Low Ready
Commit	3fad79a home: refresh the announcements (H2)

What is wrong

The box shows the Summer Internship 2026 call (applications closed on 30 March 2026), the 2026 reporting schedule for new PG/PhD entrants and UG Orientation 2026, all still marked NEW.

What it should be

Show what students need now: the UG Ordinance 2026, the UG Handbook 2026, the Aug-Nov 2026 course list and timetables, and the Academic Calendar 2027; keep the document-charges notice. This is a proposal; the office decides the final list.

 **Announcements**

New Reporting Schedule for I-MBA / MA/ MBA/ MSc/ M.Tech/ I-PhD/ PhD/ MS(R)/ MTech(R) (New Entrants) Students 2026

New Applications are invited from eligible students for the Summer Internship Programme 2026.

New Revised Charges for Obtaining Documents from the Academic Section.

New UG Orientation 2026.

 **Announcements**

New UG Ordinance 2026: rules and regulations for B.Tech. and B.S. programmes.

New UG Handbook 2026 for B.Tech./B.S. students admitted from AY 2026-27.

New Course list and timetables for Aug-Nov 2026.

New Academic Calendar 2027.

New Revised Charges for Obtaining Documents from the Academic Section.

Current — problem outlined in red

Proposed — change outlined in green (preview, not live yet)

Commit diff (full change): <https://github.com/TayalAditya/academics-iitmandi-website/commit/3fad79a>

3.3 H3 Staff tab: multiple data errors

Page	https://academics.iitmandi.ac.in/
Menu path	Home
Where on the page	“Academics Staff” tab, staff cards
Priority / status	Medium Ready
Commit	a4ff92b home: correct staff names, designation and contact in the Academics Staff tab (H3)

What is wrong

Four kinds of error were found in the staff cards:

1. **Vishal Parmar’s surname missing.** The card shows “Vishal” with no surname; the IIT Mandi directory gives the full name as Vishal Parmar.
2. **Anuj Thakur’s designation wrong.** The card says “Office Assistant”; the directory shows “Junior Assistant”.
3. **Nikhil Kumar’s contact number hidden.** On the first Nikhil Kumar card (nikhilkumar@iitmandi.ac.in) the contact number 267063 was commented out in the source, so the card showed none.
4. **Six photo alt texts wrong.** Six img alt attributes carried unrelated names (“Rakhi Verma”, “Mukesh Kumar”) instead of the person shown in the card.

What it should be

Correct the surname and the designation, restore the contact number and set each alt text to the staff member’s name.

Commit diff (full change): <https://github.com/TayalAditya/academics-iitmandi-website/commit/a4ff92b>

3.4 H4 Academic Organisation Chart was outdated

Page	https://academics.iitmandi.ac.in/
Menu path	Every page (navigation bar link)
Where on the page	Navigation bar, “Academic Organisation Chart” link
Priority / status	Medium Ready
Commit	1a31223 home: replace the outdated Academic Organisation Chart with an updated SVG (H4); 1894e55 home: redraw the organisation chart in the style of the existing chart (H4)

What is wrong

The chart linked from the navigation bar (images/academic/Academic_Organisation_chart.jpg) does not match the office any more. It still shows an Assistant Registrar (Academics) and three staff members who are not in the Academics Staff tab, gives Anuj Thakur’s post as Office Assistant, and leaves out seven of the current staff: Akshay Rana, Amandeep Singh, Atul Sharma, Saurabh Angiras, both Nikhil Kumars and Narender.

What it should be

Redraw the chart in the same design (banner, title tag, boxes and connectors) with the team listed in the Academics Staff tab: the Dean, both Associate Deans and the Deputy Registrar, and under the Deputy Registrar the two Junior Superintendents, ten Junior Assistants and the Attendant. The file keeps its name and place, so only the image is replaced on the server. The site does not say which Junior Assistant reports to which Junior Superintendent, so all staff are drawn under the Deputy Registrar; the office should confirm this before upload. The first commit drew the chart as an SVG; the second replaces it with a JPG in the original design and points the menu link back to the JPG.

Commit diffs: <https://github.com/TayalAditya/academics-iitmandi-website/commit/1a31223> (first version)
<https://github.com/TayalAditya/academics-iitmandi-website/commit/1894e55> (revision)

4 Courses page

Student Corner > Courses (<https://academics.iitmandi.ac.in/courses>). The page is a list of nine collapsible sections; the screenshots show the sections opened.

4.1 C1 Course booklet is the June 2025 compilation

Page	https://academics.iitmandi.ac.in/courses
Menu path	Student Corner > Courses
Where on the page	Section “1. UG/PG Courses details for previous semesters (Archives)”, last row “Download Course Booklet”
Priority / status	High Ready
Commit	0c5d2f5 courses: link the 2026 course-description booklet (C1)

What is wrong

“Download Course Booklet” opens /files/iit_mandi_courses.pdf. The newest copy of that compilation we hold is dated 26 June 2025, so it lacks every course approved at the 57th-65th BoA (e.g. AR-520 to AR-527, DS-314 to DS-418, the new Quantum, Chemical and Agricultural Engineering courses).

The row also sits inside the “Archives” section, where students do not look for it.

What it should be

Upload the new Master Compilation of Courses (Master Course List/Master_Compilation/Master_Compilation_of_Courses.pdf, built on 1 Oct 2026 from every BoA/Senate minutes) after the 66th BoA and link it here. Better still, move the row to the top “Course Details” box.

4.2 C2 Section 3 “Common Core” shows the curriculum of 2016-2022

Page	https://academics.iitmandi.ac.in/courses
Menu path	Student Corner > Courses
Where on the page	Section “3. B. Tech. Curriculum for Common Core Courses”
Priority / status	High Ready
Commit	1c9bcb4 courses: replace the 2016 common core with the current credit structure (C2); 876173f courses: B.Tech. and B.S. credit structures without course lists (C2)

What is wrong

The section lists the old common core: IC 110, IC 111, IC 210, IC 130/130P, IC 150/150P, IC 250, IC 160/160P, IC 260, IC 141/141P, IC 142, IC 242, the five HSS “streams” and the old Design and Innovation Practicum credits. None of this applies to batches 2023-2026.

It has no link to the current curriculum, and the heading “A Perspective on IIT Mandi’s B. Tech. Curriculume” is misspelt.

What it should be

Replace the whole section with the credit structures: the B.Tech. structure of the UG Ordinance 2026 (Table 2, with rule 4.2.5) and a B.S. structure for batch 2024 onwards. No course lists are given. The Institute Core and IKS + HSS courses differ by batch and programme, so the section points to the Degree Programs page, where the curriculum of each programme and batch is linked (change 5.1).

The B.S. figures are those of the approved B.S. Chemical Sciences curricula of batches 2024–2026. Table 5 of the Ordinance gives IC Basket 6 and Discipline Electives 26 instead, and its baskets add up to 166 rather than 163, so it was not copied.

3. B. Tech. Curriculum for Common Core Courses

Requirement for Award of B.Tech (Honours) Degree

A Perspective on IIT Mandi's B. Tech. Curriculum

Discipline-wise Course Distributions

• Courses from

Mathematics (TOTAL: 9 CREDITS)

- Engineering Mathematics, IC 110, 2.5-0.5-0-3
- Linear Algebra, IC 111, 2.5-0.5-0-3
- Probability, Statistics and Random Processes, IC 210, 2.5-0.5-0-3

Physics (TOTAL: 8 CREDITS)

- Mechanics of Particles and Waves, IC 121, 2.5-0.5-0-3
- Foundations of Electrodynamics, IC 221, 2.5-0.5-0-3
- Physics Practicum/Practicals, IC 220P, 0-0-3-2

Chemistry (TOTAL: 5 CREDITS)

- Applied Chemistry for Engineers, IC 130, 3-0-0-3
- Chemistry Practicum, IC 130P, 0-0-3-2

Biotechnology And Life Sciences (TOTAL: 3 CREDITS)

- Understanding Biotechnology and its Applications, IC 136, 3-0-0-3

TOTAL CORE COURSE CREDITS FROM BASIC SCIENCES: 25

• Courses from Common Engineering

Computing And Electrical Engineering

- Computation for Engineers, IC150, 3-0-0-3
- Computation for Engineers Lab, IC 150P, 0-0-3-2
- Data Structure and Algorithms, IC201, 1-0-3-3
- Electrical Systems Around Us, IC160, 2.5-0.5-0-3
- Electrical Systems Lab, IC160P, 0-0-3-2
- Applied Electronics, IC161, 3-0-0-3
- Applied Electronics Lab, IC161P, 0-0-3-2
- Signals and System, IC200, 2.5-0.5-0-3

TOTAL CORE COURSE CREDITS FROM COMPUTING AND ELECTRICAL ENGINEERING: 21

• **Mechanical Engineering And Material Sciences**

- Graphics for Design, IC140, 2-0-3-4
- Product Realization Technology, IC141, 2-0-0-2
- Product Realization Technology Lab, IC141P, 0-0-3-2
- Engineering Thermodynamics, IC142, 3-1-0-4
- Mechanics of Rigid Bodies, IC240, 1.5-1.5-0-3
- Materials Science for Engineers, IC241, 3-0-0-3
- Continuum Mechanics, IC242, 2.5-0.5-0-3

TOTAL CORE COURSE CREDITS FROM MECHANICAL ENGINEERING AND MATERIAL SCIENCES: 21

• **Courses from Humanities and Social Sciences**

The Basic Program is divided into five broad streams as follows:

Creative Understanding

- Art and Architecture, HS102, 0-0-2-1
- Dance and Drama, HS103, 1-0-0-1
- Music, HS104, 1-0-0-1

International Language Competence

- Introduction to English Literature, HS151, 3-0-0-3
- German I, HS342, 3-0-0-3
- German II, HS352, 3-0-0-3
- German III, HS362, 3-0-0-3

Communicative Competence

- Basic Communication Skills, HS105, 3-0-0-3
- Public Speaking and Debating Skills, HS206, 3-0-0-3
- Policy Analysis and Advocacy Skills, HS301, 3-0-0-3

Social Competence

- Principles of Economics, HS202, 3-0-0-3
- Understanding Society, HS203, 3-0-0-3
- Introduction to Political Science, HS204, 3-0-0-3

Managerial Competence

- Financial Accounting, HS205, 3-0-0-3
- Organizational Management, HS304, 3-0-0-3
- Organizational Behavior, HS403, 3-0-0-3

TOTAL CORE COURSE CREDITS FROM HUMANITIES AND SOCIAL SCIENCES: 13

TOTAL OPTIONAL CREDITS FROM HUMANITIES AND SOCIAL SCIENCES: 5

The subjects taught under these headings are meant to help the students achieve fluency in language, develop self-confidence by understanding man in relation to society and the environment, voice actively social concerns to make informed personal choices and take reasoned decisions at the workplace.

Students are invited to take at least one course from each of the five broad streams listed here.

For each stream, there is a Program Coordinator from the School to help you make the right choices.

• **Design and Innovation Practicum**

- Reverse Engineering, IC101P, 0-0-3-2
- Design Practicum, IC201P, 0-0-6-4
- Interdisciplinary Socio-Technical Practicum, DP301P, 0-0-6-4
- Major Technical Project, DP401P, 0-0-12-8

TOTAL CORE COURSE CREDITS FROM DESIGN & INNOVATION PRACTICUM: 6

TOTAL OPTIONAL CREDITS FROM DESIGN & INNOVATION PRACTICUM: 12

Current — problem outlined in red

Commit diffs: <https://github.com/TayalAditya/academics-iitmandi-website/commit/1c9bcb4> (first version)
<https://github.com/TayalAditya/academics-iitmandi-website/commit/876173f> (revision)

3. UG Curriculum: Credit Structure (B.Tech. and B.S.)

A B.Tech. needs **160 credits** (Electrical Engineering: 161) and a B.S. needs **163 credits**. The rules are in the [UG Ordinance 2026](#). The curriculum of each programme, batch by batch (credit distribution, semester-wise courses and the list of Discipline Electives), is on the [Degree Programs](#) page. Every student also completes an internship (industry or research) and the NCC/NSO/NSS/Hiking & Trekking requirement (Ordinance 4.1).

B.Tech. credit structure (batch 2023 onwards; UG Ordinance 2026, Table 2)

Basket	Credits
1. Institute Core courses	60
IC Compulsory (includes the 2-credit vacation internship)	39
IC Basket	6
Indian Knowledge Systems (IKS) + Humanities and Social Sciences (HSS)	15
2. Discipline Core and Discipline Electives	66
Discipline Core / Discipline Electives (split differs by branch)	min. 33 / min. 12
3. Elective courses	34
Major Technical Project (MTP-1 + MTP-2) or equivalent Discipline Electives	8
Interactive Socio-Technical Practicum (ISTP) or equivalent Free Electives	4
Free Electives	22
Total	160

- Electrical Engineering: Discipline Core + Electives 72 and Free Electives 17 (161 in all).
- IC-102P is compulsory for all UG students except batch 2024. IC-202P is compulsory for all except Bioengineering, Engineering Physics, Civil Engineering and B.S. Chemical Sciences (Ordinance 4.2.5).

B.S. credit structure (batch 2024 onwards)

Basket	Batch 2024	Batch 2025 onwards
1. Institute Core courses	48	52
IC Compulsory	27	31
IC Basket	9	9
Indian Knowledge Systems (IKS) + Humanities and Social Sciences (HSS)	12	12
2. Discipline Core and Discipline Electives	86	82
Discipline Core	65	59
Discipline Electives	21	23
3. Elective courses	29	29
Research Literature Presentation (1 + 1)	2	2
Research Projects or equivalent Discipline Electives	12	12
Free Electives	15	15
Total	163	163

- Extra credits earned in the Discipline Elective basket can also count towards the Free Elective requirement.
- ISTP, if a B.S. student takes it, counts as a Free Elective (Ordinance 4.5).

[Requirement for Award of B. Tech. \(Honours\) Degree](#)

Proposed — change outlined in green (preview, not live yet)

4.3 C3 Section 4 “Humanities Course Basket” stops at February 2020

Page	https://academics.iitmandi.ac.in/courses
Menu path	Student Corner > Courses
Where on the page	Section “4. Humanities Course Basket”
Priority / status	Medium Ready
Commit	a602ec0 courses: describe IKS + HSS for batch 2023 onwards (C3); d17ee9f courses: keep only the IKS + HSS rules in section 4 (C3)

What is wrong

Only two baskets are linked: “Revised Version - modified wef February 2020” and “Older Version - wef odd semester 2016-17”. Batches 2023 onwards follow the IKS + HSS structure, which is not mentioned.

What it should be

Replace the section with the rules of the IKS + HSS basket: its credits (15 for B.Tech., 12 for B.S.), the limit of 20 HSS/IKS credits towards graduation (Ordinance 4.2.6) and the use of HSS/IKS credits for a minor (10.4). No courses are named, since they differ by batch and programme and are in each programme’s curriculum (change 5.1). The old baskets are removed rather than kept as an archive.

4. Humanities Course Basket
Humanities and Social Sciences (Revised Version-Modified wef February, 2020)
Humanities and Social Sciences (Older Version-wef odd semester 2016-17)

Current — problem outlined in red

4. Humanities and Social Sciences (IKS + HSS)
IKS + HSS is a basket of the Institute Core: 15 credits for B.Tech. and 12 for B.S. (see section 3). The courses of the basket are in the curriculum of each programme on the Degree Programs page.
- At most 20 HSS/IKS credits count towards graduation; credits beyond this limit are not counted (UG Ordinance 2026, 4.2.6). - HSS/IKS elective credits may count towards a Minor where the Minor allows it (Ordinance 10.4).

Proposed — change outlined in green (preview, not live yet)

Commit diffs: <https://github.com/TayalAditya/academics-iitmandi-website/commit/a602ec0> (first version)
<https://github.com/TayalAditya/academics-iitmandi-website/commit/d17ee9f> (revision)

4.4 C4 Section 5 “Design and Innovation Practicum”: old courses and a dead link

Page	https://academics.iitmandi.ac.in/courses
Menu path	Student Corner > Courses
Where on the page	Section “5. Design and Innovation Practicum”
Priority / status	Medium Ready
Commit	1f1a97a courses: rewrite the Design and Innovation Practicum section (C4); d33c96f courses: add the Young Innovator Fellowship to the DIP section (C4)

What is wrong

The “Plan of Design & Innovation Practicum” table lists Reverse Engineering (0-0-3-2), Design Practicum (0-0-6-4), ISTP and a single 8-credit Major Technical Project. Current batches have IC-102P Foundations of Design Practicum (1-0-6-4), IC-202P Design Practicum (0-0-6-3), DP-301P ISTP and MTP I + II (4 + 4).

The text says “five courses” but four are listed. The Young Innovator Fellowship (YIF), which replaces ISTP and MTP for its fellows, is not mentioned anywhere on the site. The “Download Course Details” link of IC201P is “#” (goes nowhere). IC101P was renamed “Understanding Product Internals” (47th BoA).

What it should be

Keep the description (lightly edited) and replace the table and course list with the DIP courses and rules of the UG Ordinance 2026 (4.3-4.7, Table 3): what each course is, its semester, and what replaces it if a student does not take it. MTP codes follow the Ordinance (DP-498P / DP-499P).

Add the Young Innovator Fellowship (Ordinance section 13): an 18-month programme with i-Hub and Catalyst to build a startup, usually from semester 5, for one student or a team of two; a scholarship of Rs 15,000 a month for at most three semesters; and 22 credits over semesters 5–7 (Startup Practicum 1–3 and the vacation internship), with a table of how they count for B.Tech. and B.S.

5. Design and Innovation Practicum

Design and Innovation Practicum

Design and Innovation Practicum (DIP) is a required course of undergraduate engineering core program. DIP program offers numerous challenges for both faculty and students because of the wide variety of projects in a given year as well as from year to year. At the end of DIP which will span during all the four years of engineering programs in different phases, students are expected to demonstrate the following attributes:

- Ability to apply knowledge of mathematics, science, and engineering
- Ability to design and conduct experiments, as well as to analyze and interpret data
- Ability to design a system, component, or process to meet desired needs
- Ability to function on multi-disciplinary teams
- Ability to identify, formulate, and solve engineering problems
- Understanding of professional and ethical responsibility
- Ability to communicate effectively
- Broad education necessary to understand the impact of engineering solutions in a global and societal context
- Ability to use the techniques, skills, and modern engineering tools necessary for engineering practice

The program ventures far beyond the traditional classroom instruction, graduating students are beneficiary of a life-long learning process. A successful DIP program can facilitate achieving the educational institutions' goal of producing the most sought-after graduates by the industry.

Choosing a DIP problem/project

- Project that emphasizes design, experimental, and hands-on skills
- Do not choose a project involving only collection of published materials
- Problem that allows teamwork and offers opportunity for creativity
- Project should not be on the critical path of a program with stringent deadlines
- Project goals must be concrete and measurable
- The criteria to determine success should be defined

Plan of Design & Innovation Practicum

Sr. No.	Course Name	Course Type	Objective	Team formulation	Contact Hours	Credits
1	Reverse Engineering	Core	Learning from existing products/subsystems/systems	Random selection from all disciplines	0L-0T-3P	2
2	Design Practicum	Core	Concepts of designing of products	Random selection from all disciplines	0L-0T-6P	4
3	Interdisciplinary Socio-Technical Practicum	Elective	Interaction with society to understand the needs	Team of like minded students	0L-0T-6P	4
4	Major Technical Project (PART A and PART B) Elective	In depth work on Technology/Product (Possibly continuing work done in Sr. No.2 & 3.	May have product/patent implications (not mandatory)	Team of like minded students	0L-0T-12P	8

There will be following five courses on Design & Innovation Practicum,
Note : Courses in Sr. No. 3 & 4 can be chosen by students independently.

IC201P	Design Practicum	Download Course Details
IC101P	Reverse Engineering	Download Course Details
DP301P	Interdisciplinary Socio-Technical Practicum	Download Course Details
DP401P	Major Technical Project	Download Course Details

5. Design and Innovation Practicum

Design and Innovation Practicum (DIP) is the hands-on thread of the B.Tech. curriculum. It runs through all four years, from understanding and designing products in the first two years to a major technical project in the final year. At the end of DIP, students are expected to be able to:

- apply knowledge of mathematics, science and engineering;
- design and conduct experiments, and analyse and interpret data;
- design a system, component or process to meet desired needs;
- work in multi-disciplinary teams;
- identify, formulate and solve engineering problems;
- understand professional and ethical responsibility;
- communicate effectively;
- understand the impact of engineering solutions in a global and societal context;
- use the techniques, skills and modern engineering tools needed in engineering practice.

Choosing a DIP problem or project: It should emphasise design, experiments and hands-on skills (not only a collection of published material), allow teamwork and creativity, not be on the critical path of a programme with stringent deadlines, and have concrete, measurable goals and defined criteria for success.

DIP courses for batch 2023 onwards (UG Ordinance 2026, sections 4.3-4.6)

Sr. No.	Code	Course	Semester	L-T-P-C	If not taken	Details
1	IC-102P	Foundations of Design Practicum Institute Core. The steps of an engineering design problem, worked through by building a robot.	2	1-0-6-4	Compulsory (batch 2024 excepted)	Download
2	IC-202P	Design Practicum Institute Core. Teams design a prototype from commercial off-the-shelf hardware or software.	3	0-0-6-3	Free Electives + 3	Download
3	DP-301P	Interactive Socio-Technical Practicum (ISTP) Elective for B.Tech., offered in semester 6; counts as a Free Elective for B.S.	6	0-0-6-4	Free Electives + 4	Download
4	DP-496P	Major Technical Project-1 (MTP-1) Individual project with a principal guide; on campus only.	7	4 credits	Discipline Electives + 4	--
5	DP-499P	Major Technical Project-2 (MTP-2) Continues MTP-1 or a separate project. Grade point 7 or more in MTP-1 means MTP-2 is expected; 6 or less means it is not allowed.	8	4 credits	Discipline Electives + 4	--

- MTP is under Discipline Electives, so it must be in the student's core area. An MTP in a non-core area counts as Free Electives; for General Engineering it always counts as Discipline Electives (4.6.6, 4.6.13).
- Dropping MTP-2 needs the Dean (Academics)'s permission; the 4 credits are then made up from Discipline Electives (4.6.11).
- Young Innovator Fellows take Startup Practicum 1-3 in place of ISTP and MTP (see below).
- B.S. students do two 1-credit research projects in semesters 5 and 6 (Pass/Fail) and may take two 6-credit undergraduate research projects in semesters 7 and 8 (4.7).

Young Innovator Fellowship (YIF) / Startup Practicum (UG Ordinance 2026, section 13)

YIF is an 18-month programme, run with i-Hub and Catalyst, in which students build a startup of their own. B.Tech. and B.S. students usually begin it in semester 5. A team is preferably one student, or two students with complementary skills (for example from different disciplines); faculty can also propose a project with a student team. The fellowship pays a scholarship of **₹15,000 per month** for at most three semesters, allocated to the team as a whole, and the student earns **22 credits** over semesters 5, 6 and 7 in place of the courses below.

YIF component	Credits	Counts for (B.Tech.)	Counts for (B.S.)
Vacation Internship	2	Vacation Internship	Free Electives
Startup Practicum 1 (SP-501)	4	ISTP	Free Electives
Startup Practicum 2 (SP-502)	6	MTP-1 + 2 Free Electives	UG Research Project-1
Startup Practicum 3 (SP-503)	10	MTP-2 + 6 Free Electives	UG Research Project-2 + 4 Free Electives
Total	22		

Proposed — change outlined in green (preview, not live yet)

Current — problem outlined in red

Commit diffs: <https://github.com/TayalAditya/academics-iitmandi-website/commit/1f1a97a> (first version)

4.5 C5 Section 6 “Minor Program”: five minors missing, Robotics core out of date

Page	https://academics.iitmandi.ac.in/courses
Menu path	Student Corner > Courses
Where on the page	Section “6. Minor Program”
Priority / status	High Ready
Commit	5ff2295 courses: replace the minor lists with the 2026 minor baskets (C5); 60a0ce0 courses: link each minor to its own PDF (C5)

What is wrong

The section lists minor baskets from 2016-2022. Five minors are missing: Entrepreneurship, Quantum Technologies, VLSI Design, VLSI Technology and Robotics for batch 2025 onwards.

The Robotics core still shows “AR 501/ ME 452” and “AR 503”, which the 64th BoA replaced by AR-523 and AR-520. Minor in Management is shown in three versions (2016, 2020, 2022) with no batch mapping.

The rules do not say where minor credits are counted (Humanities or Free Electives). The German minor’s HS539 link is broken (its address starts with “senate_https://”).

What it should be

Replace the section with the rules of the UG Ordinance 2026 (section 10) and one table of all 20 minor baskets from the Minors booklet (18 minors; Management and Robotics have batch-wise versions), each linking to a one-page PDF of that minor alone, cut from the Minors booklet. Upload these PDFs after BoA approval.

6. Minor Program		
Minor Program		
A minor is intended for a student to gain expertise in an area outside his/her major B.Tech./B.S. discipline. A specialist basket of 3-4 courses is identified for each Minor. Each basket may rest on one or more foundation courses. A basket may have sequences within it, i.e. advanced courses may rest on basic courses in the basket. In order to successfully complete a Minor, a student needs to take at least 9 credits with a CGPA of 7.0 out of the courses defined in that Minor basket. The area of the Minor must be different from the Major discipline of the student, the courses that are part of the common core (including HSS), or the discipline corelectives cannot be counted towards a Minor. A student is allowed to take any number of Minors, but a particular course cannot be counted for more than 1 Minor. The name of the Minor will appear on the Transcript and the degree certificate of the student. Minor in Management (Revised Version- Modified & w.e.f. February, 2022) Minor in Management (Older Version-2 Modified & w.e.f. February, 2020) Minor in Management (Older Version-Approved in 9th Senate held on 11th May, 2016)		
Applied Physics		
EP-502	Informatics for Materials Design

All other than EE		

6. Minor Program			
A minor is intended for a student to gain expertise in an area outside his/her major B.Tech./B.S. discipline. A minor can be in HSS or in any area outside the parent branch; there is no minor in the parent branch. Each minor has a specialist basket of at least 9 credits, which may rest on one or more foundation courses; advanced courses in a basket may rest on basic ones (UG Ordinance 2026, section 10).			
- To complete a minor, a student must earn at least 9 credits (or the total the basket prescribes) from that basket, with a CGPA of 7.0 over the courses counted towards the minor. - Common Core, Discipline Core and Discipline Elective courses cannot be counted towards a minor; HSS/IKS elective credits may be counted where the basket permits. - Minor courses are counted in the Humanities or Free Elective basket, as the student's curriculum prescribes. - A student may take any number of minors, but one course counts towards only one minor. A student cannot take a Second Major and a minor in the same discipline. - The name of the minor appears on the transcript and the degree certificate. A minor can be pursued only when its basket is opened and its courses are offered in the registration cycle.			
The table lists every minor open to batch 2023 onwards. View opens the course basket of that minor.			
Sl. Minor	For batches	Requirement	Details

4.6 C6 Section 7 “Double Major Programme”: one paragraph from 2021

Page	https://academics.iitmandi.ac.in/courses
Menu path	Student Corner > Courses
Where on the page	Section “7. Double Major Programme”
Priority / status	Medium Ready
Commit	d3d99e7 courses: add Second Major, Honours and Specialization rules (C6)

What is wrong

The section is one paragraph announcing the programme “from 2021”. It has no eligibility, rules, list of disciplines or course baskets, and no link to the governing ordinance or circular.

The paragraph also shows broken characters around ‘Major’ (an encoding problem with curly quotes). The programme is called “Second Major” in the UG Ordinance 2026, and Honours and Specialization are not described anywhere on the page.

What it should be

Rename the section “Second Major, Honours and Specialization” and give the rules of the UG Ordinance 2026 (sections 11, 12 and 14): eligibility, extra coursework, MTP, exit and degree name for the Second Major; the two Honours modes; and the 15-credit Specialization rule.

7. Double Major Programme
Realizing the current need of interdisciplinary skill development towards successful careers, IIT Mandi has introduced a Double Major program from 2021, by which a student of one discipline is allowed to obtain a second ‘Major’ by spending an extra one or two semesters to study approximately 12 courses of another discipline. For example, a student of Civil Engineering or Engineering Physics would be able to obtain a second major in Computer Science & Engineering. This would enable the student to sit for campus placements for CS related companies as well.

Current — problem outlined in red

7. Second Major, Honours and Specialization

Interdisciplinary skills open many careers, so a B.Tech./B.S. student may add a **Second Major** in another discipline by spending one extra year on that discipline's core and elective courses. For example, a student of Civil Engineering or Engineering Physics can earn a Second Major in Computer Science and Engineering. The rules below are from the [UG Ordinance 2026](#) (sections 11, 12 and 14).

Second Major

Who can apply	CGPA of at least 7.0 and not more than one F grade when applying, at the end of semester 6, with the Faculty Advisor's recommendation. Each school fixes its seats every year and a committee of the Dean (Academics) selects on merit.
Extra coursework	36–40 credits of Discipline Core and Discipline Elective courses of the second discipline (a basket set by its School Chair), 196–200 credits in all. These courses cannot be taken Pass/Fail and cannot be courses already counted for the parent degree.
MTP and Honours	MTP must be in the parent discipline (an MTP in the second major counts as Free Electives). Honours applies only to the parent discipline.
Leaving the programme	There is no voluntary exit. A student with 2 or more F grades in the second-major courses is removed from it; the parent degree is still awarded if its requirements are met.
Degree	B.Tech./B.S. in <Parent Branch> with Second Major in <Secondary Branch>, with one transcript and one CGPA. Medals are competed for with the next graduating batch.

Honours (opt in at the end of semester 4 or 5, with no F grade so far)

- MTP-1 and MTP-2 (8 credits, in the parent discipline) and DP-301P ISTEP, each with grade B or above; no F grade in the programme.
- Mode A: CGPA of 9.0 or more. Mode B: CGPA of 8.0 or more together with a research article published or accepted in an SCI/SCIE journal, or a patent granted, with IIT Mandi affiliation and declared before the last date of semester-8 grade submission.
- Degree: B.Tech. (Honours) / B.S. (Honours) in <discipline>. [Earlier Honours notification](#)

Specialization

- Expertise in a specific area of the student's own discipline: at least 15 credits from that specialization's basket, with a CGPA of 7.0 over those courses.
- Each discipline publishes its list of specializations. The degree reads B.Tech. in <discipline> with Specialization in <area>.

Proposed — change outlined in green (preview, not live yet)

Commit diff (full change): <https://github.com/TayalAditya/academics-iitmandi-website/commit/d3d99e7>

4.7 C9 Section 2: old grading system shown as the current one

Page	https://academics.iitmandi.ac.in/courses
Menu path	Student Corner > Courses
Where on the page	Section “2. Evaluation: Grading System and CGPA Calculation”
Priority / status	Medium Ready
Commit	18edaaf courses: show the current grading system (C9)

What is wrong

Below the link to the new grading system, the whole old system (O/A/B/C/D/E/F with the “I” grade) is printed as page text, while the grades in use since AY 2024-25 (A*, A, A-, B, B-, C, C-, D, F, FS, I, P, AP, AF) are only in a linked PDF.

The CGPA text still says a failed elective must be cleared “under the same elective slot” and is silent on Pass/Fail credits.

What it should be

Show the current grade table (UG Ordinance 2026, Table 6), the FS/I/P rules and the SGPA/CGPA definitions of the UG Handbook 2026 (2.4-2.5) as page text, and fold the old system into a collapsible archive note.

2. Evaluation: Grading System and CGPA Calculation

New Grading System

Notification: Formula for CGPA to Percentage Conversion

Old Grading System

Grading is done on a 10-point scale by means of the letter grades: O, A, B, C, D, E, F. On the 10-point scale, these letter grades carry the following numerical values:

Letter Grade:	O	A	B	C	D	E	F
Points equivalence:	10	9	8	7	6	4	0

Where F grade is fail grade.
In addition to the above grades, there is a temporary grade, I (Incomplete). The I-grade indicates that a small part of the total requirements of the course remains to be completed and that the student has done satisfactory work in all other aspects of the course. The I grade needs to be converted to a proper letter grade within 1 month of the start of the next semester.

CGPA Calculation

The performance in a semester is indicated by the Semester Grade Point Average (SGPA), which is a weighted average of the grades in all the courses done by the student in the given semester. The SGPA is calculated as follows:

$$SGPA = \frac{\sum_{i=1}^n c_i g_i}{\sum_{i=1}^n c_i}$$

where c_i stands for the credit in a course and g_i the point equivalent of the grade obtained in that course. The summation is over the number of courses n in the semester.

The performance up to any time in the course of the student's program is indicated by the student's Cumulative Grade Point Average (CGPA), which is also calculated by the above formula, except that the averaging is done over all of the courses that the student has done during his/her entire program up to that point. If the student has earned an F grade in a course in any semester, that also goes into the calculation of the CGPA. As and when the student finally clears the course, the record of the F is removed and replaced by the new passing grade, thereby modifying the CGPA. (If the student fails in an elective course, he/she needs to pass either that same course or an equivalent course chosen under the same elective slot in consultation with the faculty advisor). Thus, when the student graduates, the final CGPA is calculated on the basis of only the passing grades.

2. Evaluation: Grading System and CGPA Calculation

New Grading System (in force from AY 2024-25) | Notification: Formula for CGPA to Percentage Conversion

Letter grades and grade points (UG Ordinance 2026, Table 6)

Letter grade	Grade point	Meaning
A*	10	Outstanding
A	10	Excellent
A-	9	Very Good
B	8	Good
B-	7	Above Average
C	6	Average
C-	5	Below Average
D	4	Marginal
F	0	Fail
FS	0	Fail due to short attendance
I	0	Incomplete
P	0	Pass; earned credits do not enter SGPA or CGPA
AP	0	Audit Pass
AF	0	Audit Fail

- FS** is given when attendance is below 80%; the student cannot take the end-semester examination and must repeat the course.
- I** is temporary; the remaining part must be completed within about one month of the next regular semester, after which the instructor replaces it with a regular grade; otherwise it becomes F.
- P** (Pass/Fail) credits do not enter the SGPA or CGPA. Up to 6 Pass/Fail credits may be taken in a semester (9 during an approved onsite semester internship).

SGPA and CGPA

$SGPA = \sum (c_i \times g_i) / \sum c_i$, over all courses registered in the semester, where c_i is the credits of course i and g_i the grade point obtained. F grades are included. The CGPA uses the same formula over all courses taken so far; an F is left out once the course is cleared or replaced by an equivalent course.

The final CGPA on the degree counts every letter-graded credit earned, including credits beyond the minimum, and leaves out F grades once all basket requirements (IC, DC, DE, FE) are met. The F grade stays on the grade sheet and transcript. A CGPA of at least 5.0 is needed to graduate.

► Grading used before AY 2024-25 (archive)

4.8 C7a Course table: recoded, discontinued or never-approved courses

Page	https://academics.iitmandi.ac.in/courses
Menu path	Student Corner > Courses
Where on the page	Section “8. Senate/BoA Approved Course Description”, course table
Priority / status	High Ready
Commit	d6ac84c courses table: mark 26 recoded or discontinued courses and add their new codes (C7a)

What is wrong

36 courses in the table were recoded, discontinued or never approved according to the BoA/Senate minutes. Example: AR-501 and AR-503 were replaced by AR-523 and AR-520 at the 64th BoA, but only the old codes are listed.

The full list is in `course_table_changes.csv` (action “mark replaced / remove”).

What it should be

Keep the old row (students of earlier batches have it on their transcripts) but add “replaced by ...” to its title, and add the new code as its own row. Remove or confirm the never-approved entries (listed in the same file).

8. Senate/BoA Approved Course Description (To view the courses click the arrow)

4.9 C7b Course table: 43 codes listed more than once

Page	https://academics.iitmandi.ac.in/courses
Menu path	Student Corner > Courses
Where on the page	Section 8, course table
Priority / status	Medium Ready
Commit	f1e9dd6 courses table: remove 23 repeated rows (C7b)

What is wrong

43 course codes have two or three rows. Some are exact repeats (CE-203P Building Materials Lab twice in a row); others are the same course written as “BE-203” and “BE203” in different parts of the table; a few put two different courses under one code (e.g. ME601, ME616, PH526, PH527).

The full list is in `course_table_changes.csv` (action “keep one row”).

What it should be

Keep one row per code. Where the titles differ, keep the approved title (given in the same file) and check the PDF behind the row that is kept.

4.10 C7c Course table: old and misspelt titles

Page	https://academics.iitmandi.ac.in/courses
Menu path	Student Corner > Courses
Where on the page	Section 8, course table
Priority / status	Medium Ready
Commit	0b55fd4 courses table: correct 28 course titles (C7c)

What is wrong

14 titles predate a BoA/Senate rename (e.g. IC152 “Computing and Data Science” is now “Introduction to Python and Data Science”; IC252 “Data Science II” is now “Probability and Statistics”; IC140 “Graphics for Design” is now “Engineering Graphics”).

15 titles are misspelt (“Complier Technology”, “Power System Protwction”, “Mechanics of Composite Mateial”, “Foundation of Design Practicum”). 46 more differ enough from the minutes to need a check. The titles to change are in `course_table_changes.csv` (action “change title”); the ones to check are in the “Courses - Fix title” sheet of the audit workbook.

What it should be

Change the titles listed in `course_table_changes.csv`. Check the rest with the school before changing.

4.11 C7d Course table: 578 approved courses are missing

Page	https://academics.iitmandi.ac.in/courses
Menu path	Student Corner > Courses
Where on the page	Section 8, course table
Priority / status	High Ready
Commit	bfc2599 courses table: add 568 courses approved by the BoA/Senate (C7d)

What is wrong

578 courses approved in the BoA/Senate minutes have no row, including core courses every current student takes (IC-161, IC-161P, IC-181, IC-182, IC-222P, IC-253, IC-272) and most courses of the new programmes. 64 more were recommended by the BoA in meetings whose Senate minutes we do not have.

course_table_changes.csv lists the 578 (action “add”) with the meeting that approved them and where the syllabus PDF is. The “Courses - Add” sheet of the audit workbook also lists the 239 that need a check first.

What it should be

Add one row per course in code order, using the row pattern below, and upload the syllabus PDF as /pdf/senate_courses/<CODE>.pdf. For 456 of them the PDF is ready in Master Course List/Individual_Course_PDFs (one file per course, named by code); the file gives the source of each PDF.

4.12 C7e Course table: two code styles (BE-203 and BE203)

Page	https://academics.iitmandi.ac.in/courses
Menu path	Student Corner > Courses
Where on the page	Section 8, course table
Priority / status	Low Ready
Commit	d101a23 courses table: write every code as XX-123 and sort the table (C7e)

What is wrong

About two-thirds of the codes are written without the hyphen (“BE203”, “IC152”). Because the table is sorted as text, each school’s courses appear in two separate runs, and duplicates such as BE-203 / BE203 and BE-304 / BE304 are hard to spot.

What it should be

Write every code as letters-hyphen-number (BE-203) and sort the table on that. The PDF file names can stay as they are.

5 Degree Programs page

5.1 D1 UG programme list: mixed old and 2023 curricula, nothing for 2024-2026

Page	https://academics.iitmandi.ac.in/degreeprograms
Menu path	Student Corner > Degree Programs
Where on the page	“UG COURSES” tab, programme table
Priority / status	High Ready
Commit	0ced7b2 degree programs: list every UG programme by batch (D1); 86ae092 degree programs: link each programme’s own curriculum PDF (D1)

What is wrong

The table mixes old and “_2023” curricula: General Engineering appears twice, Civil, CSE, Mechanical and Engineering Physics each appear twice (old and 2023), and both “Data Science and Engineering” and “Data Science and Artificial Intelligence” are listed. There is nothing for batches 2024, 2025 and 2026.

General Engineering specialisations (AI and Robotics, Mechatronics, Communication Technology, Open Specialisation, Fintech / Data Analytics for Management and Finance) are not shown at all, and the IMBA heading has no link under it.

What it should be

One row per programme and one column per batch, each linking to a PDF of that programme’s curriculum for that batch alone (65 files cut from the UG Curriculum booklet, each numbered from page 1). The link to the complete booklet is dropped. The old PDFs can be removed or moved to an archive list.

5.2 D2 PhD and some PG programmes have no curriculum link

Page	https://academics.iitmandi.ac.in/degreeprograms
Menu path	Student Corner > Degree Programs
Where on the page	“PG COURSES” and “PhD COURSES” tabs
Priority / status	Low Needs input

What is wrong

Of the PhD programmes, only the School of Computing and Electrical Engineering has a link; the other nine schools and centres have none. The MBA (Data Science and AI) link opens MBA_O&R.pdf, and the M.Sc. Applied Mathematics file is dated April 2023.

Integrated-Doctor of Philosophy in Physics	Details

Current — problem outlined in red

What it should be

Ask each school for its current PG and PhD course structure.

Needs input: the office has to supply or confirm the content before this change can be made, so no proposed screenshot or code is given.

6 Other pages

6.1 O1 Orientation fee table: payment date says 2025

Page	https://academics.iitmandi.ac.in/orientation
Menu path	Events Under Secretariat > Orientation
Where on the page	Fee tables, "Category I"
Priority / status	Medium Ready
Commit	0ce3824 orientation: correct the Category I payment date to 30 July 2026 (O1)

What is wrong

Category I says "to be paid on or before 29th July, 2025". Every other category says 30th July, 2026.

What it should be

Change it to 30th July, 2026 (or, now that admission is over, archive the 2026 page).

Category I UR/Gen (EWS)/OBC(NCL) (Family income above ₹5 Lakhs)		
Particulars	Amount	Remarks
Fee (Institute/Academic including Hostel and Mess) for 1st semester	₹1,18,000/- (Institute Fee) ₹37,234/- (Hostel/Mess & Facilities charges)	Documents Required: No Fee remission is applicable, so no document required
Total	₹1,55,234/-	
Seat acceptance fee amount ₹30,000/- collected by JoSAA#	₹25,000/- # (adjusted amount)	
Total Fee (Institute/Academic including Hostel and Mess) to be paid on or before 29th July, 2025	₹1,30,234/- (to be paid by the student)	
# ₹5,000/- deducted towards JoSAA processing charges

6.3 O3 Ordinances page: UG Ordinance 2026 is missing

Page	https://academics.iitmandi.ac.in/ordinances
Menu path	(not in the menu; see S5)
Where on the page	Ordinances table
Priority / status	High Ready
Commit	ac19e8a ordinances: add the UG Ordinance 2026 and the UG Handbook 2026 (O3); fc79bb5 ordinances: list only the UG Ordinance 2026 for B.Tech. and B.S. (O3)

What is wrong

The page lists a “B.Tech. Ordinances and Regulations” PDF with no date or version, the M.Tech./M.Sc. ordinance of 2020 and the Ph.D. ordinance. The UG Ordinance 2026, which covers B.Tech. and B.S. together (credit structure, internships, minors, Honours, Second Major, IDD conversion, medals), is not there, and neither is the UG Handbook 2026 that explains it to students.

What it should be

Add the UG Ordinance 2026 and the UG Handbook 2026 at the top of the table and remove the old B.Tech. ordinance: only the current ordinance is listed, with no old and new versions side by side. Upload the ordinance once it is notified.

> Ordinances

6.4 O4 Scholarships page: no eligibility rules, and broken table rows

Page	https://academics.iitmandi.ac.in/scholarships
Menu path	Student Corner > Scholarships
Where on the page	Above the scholarships table
Priority / status	Medium Ready
Commit	0c265e1 scholarships: add UG eligibility at a glance and fix the table rows (O4)

What is wrong

The page only links PDFs (HTRA revision, McM guidelines, an affidavit format of March 2021). A UG student cannot see the basic conditions (CGPA, income limit, no backlog, credit rule) without opening each file.

The table rows have no opening <tr> tags, so the row layout depends on the browser repairing the HTML.

What it should be

Add a short “eligibility at a glance” box from section 7 of the UG Ordinance 2026 above the table, and add the missing <tr> tags.

S. No	Scholarships	Details	View
1	HTRA scholarship for M.S., M.Tech., and Ph.D. Students/Scholars	HTRA Revised Scholarship	Details
2	Merit-cum-Means Scholarship for General/ OBC/ SC-ST Category students:	Revised guidelines for Merit-cum-Means (McM) Scholarship for General/OBC students & Institute SC/ST Scholarship	Details
3	IIT Mandi Affidavit format (used for tuition fee remission and Institute Scholarships)	Affidavit Format	Details
4	National Fellowship and Scholarship for Higher Education of ST Students and other Scholarships	Visit National Scholarship Portal (NSP)	Details
5	Prime Minister's Research Fellowship (PMRF)	Prime Minister's Research Fellows	Details

7 Awards, PMRF and Calendar pages

7.1 A1 Faculty Awards S.No. and empty Teaching Assistant tab

Page	https://academics.iitmandi.ac.in/awards
Menu path	Student Corner > Awards
Where on the page	Faculty Awards table S.No. column; Teaching Assistant tab
Priority / status	Medium Ready
Commit	4c34063 awards: fix duplicate S.No. in Faculty Awards table and empty Teaching Assistant tab (A1)

What is wrong

The Faculty Awards table had three rows all numbered “1” in the S.No. column instead of 1, 2, 3.

The Teaching Assistant tab was completely empty — the <tbody> contained only blank rows with no content.

What it should be

Correct the row numbers to 1, 2, 3. Replace the empty tbody with a message indicating the content was pending (later replaced by full data in change A2).

7.2 A2 Awards page showed only PDF links with no awardee names

Page	https://academics.iitmandi.ac.in/awards
Menu path	Student Corner > Awards
Where on the page	Faculty Members tab; Teaching Assistant tab
Priority / status	High Ready
Commit	33d9a9d awards: add 2026 and 2025 awardee data in accordion layout (A2)

What is wrong

Both tabs showed only rows linking external PDFs. A student could not see who received an award without opening a PDF. No 2026 data was present at all.

What it should be

Replace the static table with a Bootstrap accordion, one section per year, showing the full list of awardees:

- **Faculty tab, 2026** (open by default): 15 awardees — 8 Teaching Outstanding (Dr. Vikash Tripathi, Prof. Manoj Thakur, Dr. Venkatesh H. Chembrolu, Dr. Deepak Sachan, Dr. Aditya Nigam, Dr. Satvasheel Powar, Dr. Aparna Malaviya, Dr. Gaurav Sood) and 7 Teaching Excellence (Dr. Rohit Saluja, Dr. Prateek Vishnoi, Prof. Varun Dutt, Dr. Kancharla Parimala, Prof. Prem Felix Siril, Dr. Harsh Soni, Dr. Sreelakshmi Manjunath) — with name, school and award.
- **Faculty tab, 2025** (collapsed): 6 Teaching Excellence awardees with name, course name and course number.
- **Faculty tab, 2024** (collapsed): PDF link only (no change to content).
- **TA tab, 2026** (open by default): 26 students with roll number and name.
- **TA tab, 2025** (collapsed): 15 students with roll number, name, course code and course name.

7.3 P1 Stray apostrophe character in PMRF page

Page	https://academics.iitmandi.ac.in/pmrf
Menu path	Student Corner > PMRF
Where on the page	Between the two PMRF sections
Priority / status	Low Ready
Commit	21b6d38 pmrf: remove stray apostrophe character between PMRF sections (P1)

What is wrong

A stray ' character appeared as visible text on the rendered page between the two main PMRF content sections, left over from a copy-paste.

What it should be

Remove the stray character.

7.4 K1 PDF link filenames have a typo and unencoded spaces

Page	https://academics.iitmandi.ac.in/calendar
Menu path	Student Corner > Academic Calendar
Where on the page	Academic Calendar table, PDF link URLs
Priority / status	Medium Link fix
Commit	27dd571 calendar: fix misspelt and unencoded PDF URLs in the Academic Calendar table (K1)

What is wrong

Three links in the Academic Calendar table had errors in their href values:

Link now (broken)	Link to use
Calender_2027.pdf	Calendar_2027.pdf
Academic Calender 2025-1.pdf	Academic%20Calendar%202025-1.pdf
Academic Calender Odd Semester 2024.pdf	Academic%20Calendar%20Odd%20Semester%202024.pdf

“Calender” is a misspelling of “Calendar”. Unencoded spaces in URLs can cause links to break in some browsers and HTTP clients.

What it should be

Correct the spelling and encode the spaces as %20 in all three URLs.
